## GENERAL TERMS AND CONDITIONS OF SALE

### 1 / General Terms and Conditions of Sale Application / Opposability

The placing of orders implies that our customer has perused and accepts our General Terms and Conditions of Sale. The present Terms and Conditions cancel and supersede any other terms and conditions of purchase.

In the event that the business of the customer is subject to take-over, merger or change of name, the customer hereby guarantees that his successor or the new company shall pursue the order in progress.

### 2 / General Terms and Conditions of Sale / Modification

Unless otherwise indicated, prices are exclusive of VAT. Our offers are not subject to any guarantee from our part and are subject to stock availability.

Prices and conditions given by our representatives during the order placement process shall only be considered final upon written confirmation from our company. Orders shall only be final once we have issued an order confirmation. Order confirmation shall be signed and returned by the customer. If not, order confirmation is supposed to be approved by the customer since it is not contested within 48 hours from the date of receipt by the customer. In case of litigation between the terms of the order placed by the customer and the terms of the order confirmation issued by our company, the order confirmation shall prevail over the order.

In view of the nature of the printing and publishing process, as well as work carried out prior production, any orders confirmed by our sales department shall be considered final and may not give rise to cancellation, even in the event of production and/or delivery delays.

### 3 / Delivery

Our present General Terms and Conditions of Sale stipulate, in accordance with the general business practice, that ALL GOODS ARE TRANSPORTED AT THE CONSIGNEE'S RISK including "carriage free" shipments.

It is the customer's responsibility to verify that the number of cartons stated on our Delivery Note matches the number of cartons received, and that they are undamaged.

**In their own interests, in the event of delays, damage, missing items or loss, customers must complete the necessary formalities with the carrier in order to protect their rights. Any discrepancies must be notified in the form of reservations written directly on the carrier's paperwork at the time of delivery. Any complaints must be made to the carrier within three days by registered letter, with proof of delivery.**

The delivery dates featured on orders forms are provided for information purposes only due to vendor's supply and transportation possibilities. Non-compliance with deadlines shall not give rise to any price reviews, indemnities or penalties, nor cancellation of current orders.

In any case, in time delivery could only occur if the purchaser has fulfilled its whole obligations towards the seller for any reason.

### 4 / Receipt

**Any claims relative to non-conformity or visible manufacturing defect which have not been sent to us by registered letter with proof of postage within fifteen days of receipt of goods shall be deemed null and void.**

The customer shall provide us with evidence of non conformity or visible manufacturing defect.

Goods delivered may only be returned or reimbursed subject to prior, formal agreement by our company. Return carriage costs shall be paid by the customer, except when the return is due to a mistake from our company.

### 5 / Discount Rate / Late Payment – Penalty Clause

Early payment shall entitle customers to a discount of 0,1% per full month in advance.

In case of late payment, the seller can suspend any outstanding orders without prejudice to any legal action. Late payment (made at any date after the due date shown on the invoice) shall result in the invoicing of interest at the rate applied by the European Central Bank to its most recent refinancing operation plus 10 percentage points. Said provision shall also apply in the event that a term of payment extension has been requested and duly accepted by our services.

Furthermore, any bills outstanding on their due date, fixed charges, debited by our bank as well as any costs relating to re-presentation, shall be invoiced at a standard minimum fee of fifteen Euros. Additionally, any charges incurred as a result of extending the due date shall be invoiced at the rate applied by the European Central Bank to its most recent refinancing operation plus 10 percentage points.

Moreover, according to article D441-5 of the French Commercial Code, any late payment shall result in invoicing a fixed allowance of 40€ for collecting charges. In addition, Customers shall reimburse any costs incurred by the collection of outstanding debts including fees for officers without prejudice to any damages. In any event, payments can not be suspended or subject to any compensation without prior written consent of the seller.

### 6 / Ownership of Goods

The seller shall retain ownership of the goods sold until the full price (including the principal and related charges) has been paid in full. Failure to pay any of the due payments shall produce a claim on the ownership of the goods. Cheques, bills of exchange and debt assignments are only considered as payments at the time of their effective encashment. Until then, the seller will retain ownership of the goods.

Said provisions shall not prejudice transfer to the purchaser, on delivery, of risks of loss and deterioration for said sold goods, as well as any damages to which they could give rise.

### 7 / Liability

Our liability shall be restricted to material and direct damage in connection with the order and shall not exceed the total of the amounts that have been paid to us for the sale of our products. We can not be held liable for indirect damages. For this purpose, indirect damages mean, including but not limited to, loss of profit, loss of turnover, and/or loss of data. This limitation of liability clause is essential and the parties expressly acknowledge that the proposed and agreed prices reflect this spread of risk.

### 8 / Force Majeure

Force majeure, defined as Act of God, war, riot, earthquake, strike, lockout or any other labour dispute, fire, flood, disruption of means of transportation,... (this list is not exhaustive) shall exempt us from all of our contractual obligations in any form whatsoever.

### 9 / Methods of Payment

Unless otherwise agreed in writing :

- For European Union customers :
- By bank transfer at the due date;
- For non European Union customers :
- By letter of credit;
- By CAD (cash against documents).

### 10 / Terms of Payment

Unless otherwise agreed in writing, payments for goods shipped in the European Union and other than customized goods shall be 30 days from the date of invoice.

Should the credit rating of the customer have deteriorated, a payment in advance or guarantees could be required to the customer prior to the shipment of the goods.

For non European Union shipments, payment in advance or CAD or a maximum of 30 days in case of a letter of credit shall be applied.

### 11 / Jurisdiction and Law of Contract

The Nantes commercial tribunal shall be solely competent for disputes relating to sales made by our company, in particular the application or interpretation of the present General Terms and Conditions. Also applies for appeals or cases involving more than one defendant.

All sales concluded by our company shall be subject to French law.

### 12 / Personal data

Personal data requested to our customers are needed in order to efficiently process their orders and to provide them with our price list and other information relative to our products. We commit to respect the confidentiality of the personal data and to process the data in accordance with applicable law. The recipients of these data are our Sales Department, our Customer Service, our Logistic Department and, if needed, our Quality Department. We may transmit these data to our freight carrier for delivery. Our group companies have access to these data. These personal data are kept as long as the customer is current and during 5 years from the date of its last order. Our customers have a right of access, rectification and deletion of these personal data. They can exercise these rights by sending a message to service-clients@quovadis.eu.

All of the above-mentioned Terms and Conditions of Sale governing both the "Trade" side of our business (Stationers - Bookshops) and "Corporate" side of our business (customized products), featured in the present Terms and Conditions of Sale shall be subject to the additional specific Terms and Conditions of Sale governing the "Trade" and the "Corporate" activities as hereunder-mentioned :

#### A – "Trade activity" (Stationers - Bookshops)

##### a) Account opening :

Our company reserves the right to refuse to open an account for customers whose commitment does not reach a 1.200€ yearly turnover.

##### b) Minimum Order Value

- 350 € for academic diaries
- 500 € for calendar year diaries
- 100 € for top-up orders

##### c) Leftover Stock

SALE OR RETURN provisions are strictly unavailable under these terms and conditions of sale. Under no circumstances will a credit be issued for unsold stock.

##### d) Miscellaneous

Our company hereby undertakes to ensure product availability to the greatest possible extent. Delivery dates shall not be legally binding.

At the end of the season, subject to availability, we may be forced to propose alternative products in terms of materials and colours ordered.

Composition of batches and displays are provided for information purposes only. Our company reserves the right to replace some products by alternative products of same or higher value.

#### B – "Corporate activity" - Customized products ("Promotional" objects)

##### a) Order confirmation

For an order to be considered as final, it must be a written order signed by the customer and bearing the company's stamp as well as an order confirmation issued by ourselves. The customer acknowledges and accepts that the person signing its order is duly authorized to place orders in the name and on behalf of the customer. In case of contradiction between customer's order and our order confirmation particularly regarding the shipping date, our order confirmation shall prevail unless the customer submits an objection to our Customer Service within 72 hours after receiving the order confirmation.

##### b) Technical Elements and Delivery Dates

VERY IMPORTANT - Artwork (files, logos, text, etc.) and print instructions shall be either joined to the order, or provided on the date mentioned on the order confirmation issued by our company. Should the reception of artwork surpass this due date, the delivery date will be postponed to reflect the actual date when artwork is received. Artwork which is delayed for reasons beyond our control will entitle us to defer the original delivery window in the event that the production schedule is affected.

The customer is solely responsible for providing artwork and print instructions strictly in accordance with public policy rules and morality.

The customer shall accept the editorial pages of our products that we reserve the right to modify at any time. Each modification of our editorial pages expressly requested by the customer will be executed by our company under the exclusive responsibility of the customer. Editorial pages mean our own editorial pages, excluding customer's advertising pages.

**Due to the unpredictable nature of customized production runs, the shipping dates featured on order confirmation are provided for information purposes only. Non-compliance with deadlines shall not give rise to any price reviews, indemnities or penalties nor provide extended terms of payment.**

##### c) Print Authorization Form

**The print authorization form must be returned to us absolutely within 48 hours.** We shall not be held responsible for any mistakes which were not spotted by the customer when completing the print authorization form. Any corrections made by the customer shall be charged to the customer and the ipso facto extension of the delivery dates shall be applied. Production shall commence on receipt of the print authorization form (outside periods of company holidays).

The final printing reproduction (logo and cover itself) may vary slightly depending on the cover material selected by the customer. Moreover, some cover material shade variations are possible between the colour chosen by the customer and the delivered covers colour (even from a model previously sent), due to the material manufacturing process itself. We shall not be held responsible for these possible variations.

##### d) Fringe Expenses

The following shall be invoiced separately for advertisements :

- Silk screens;
- Text typesetting and photo-engraving;
- Layout, prints on any material, logo touch-up work;
- Contribution to the costs of the plates used for stencilling.

##### e) Multiple Locations Delivery

Prices are for one delivery destination. In the case of split deliveries, the additional costs of packing and transportation will be billed to the customer. A quotation for split deliveries is available on request. Failure to accept this quotation will result in single destination delivery and be invoiced accordingly.

##### f) Variations in Quantity

Due to the unpredictable nature of the production process, our company reserves the right to deliver and charge for or deduct from the invoice as appropriate one per cent (1%) of the total units ordered with a minimum of 5 units.

##### g) Terms of Payment

- Thirty per cent (30%) on placing the order.
- Balance shall be due thirty days after the date of invoicing (barring special agreement).

If the customer asks us to invoice another legal entity, the customer acknowledges and accepts that it is still responsible for payment in the event of default of this other legal entity.

##### h) Miscellaneous

The production instruments necessary to complete the work that we have created shall remain our property.

Nevertheless, ownership of stencilling and offset plates may be transferred to the customer subject to separate agreement, after management costs have been re-invoiced and on condition that any material thereby handed over has been paid for in full by the customer.

The films used for customized diaries and stencilling plates for individual client cover design(s) shall be sent to the latter, at its express request, subject to the re-invoicing of management costs and on condition that the materials returned have been fully paid for by the customer. Failure to do so shall result in said cover films and stencilling plates being kept on our premises for a three-year period. At the end of the said three-year period, the customer shall be deemed to have agreed to the destruction of the cover films and plates by us and shall not be entitled to claim any damages whatsoever.

Unless otherwise informed, we are authorized to mention the name of the customer in our commercial documents.
